SUBJECT: Report on Overhead Rates  
The Fireweel Company  
Buffalo 25, New York  
Period: 1 December 1962 to 30 November 1963 - FY 1963

TO : Contracting Officer

1. An audit has been performed to determine the final Engineering, Manufacturing, and Selling, General and Administrative Expense Rates for FY-1963. These rates are applicable to the various prime contracts contracted for by your office, primarily No. EC-8250 and subcontracts awarded by the C&J Equipment Company.

The Contractor's FY-1963 rates also were evaluated for use in estimating quotations and as provisional billing rates for CPTF type contracts during FY-1964. The rates are considered reasonable for both of these purposes. This recommendation is based on a review of the contractor's current order backlog and sales volume which are substantially lower than in recent years.

2. The contractor's unaudited book rates and the negotiated rates follow:

	Unaudited Book Rate	Negotiated Rate
Engineering Overhead		
Manufacturing Overhead		
Selling, General and		
Administrative Expenses		

The negotiated rates are concurred in by the contractor's controller, \_\_\_\_\_ representing the Government.
